LOW-SLUNG CARAVANS
COLLECTION

2021

GB

The Mini Freestyle caravans are compact, light and easy to tow.

Thanks to their small size, they can be stored at home in a conventional garage or outside: no need for a caretaking service and always ready for go!

THEIR INCOMPARABLE ASSETS DON'T STOP THERE:

- Excellent road holding: low centre of gravity
- Reduced fuel consumption: low wind exposure
- Easy towing: reduced size and weight
- Enhanced protection: polyester bodywork (hail, impacts and scratches)
- No surcharge on toll roads: height less than 2 m
- Appreciable ergonomics: optimisation of space on-board
- Adaptable equipment: according to your needs
- Accessible to all: optimised rates

Thanks to the 3 different MINI FREESTYLE modes, there is surely one that suits your needs!

BIG AMBITIONS!

While remaining compact and lightweight, the MINI FREESTYLE 390 has big ambitions: it is fitted with a fixed bed measuring 190 x 140 cm in front, an ergonomic kitchen and a bathroom with WC and wash basin. When necessary, its comfortable rear dining area turns into a 3rd bed measuring 190 x 70 cm.

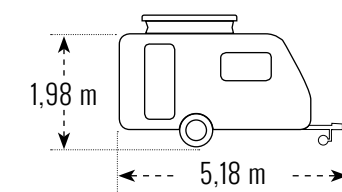

It is the perfect companion for all your leisure activities and trips to the mountains, the city, the country or the seaside. Easy to transport, install and use, it is a firm favourite with anyone looking for action-packed holidays or “dolce far niente”: what are you waiting for? Treat yourself to the freedom of getting away from it all at your own speed?
